

Nutrition Careers

for the 21st Century

NAME _____

HOUR _____

Video Worksheet

You have choices about your career! Ten professionals share their love of working in the field of nutrition. Choose two of the following careers and write about the professionals' advice, opinions about their careers and why they love their work. Some areas to consider when answering are: What they do; how they chose their careers; food and nutrition as a career; why they do what they do; qualities; advice they give; the best part of their jobs; and the future of their professions.
